Notes:

- (1) The Offering prices were established by negotiation between the Company and the Agents (as defined herein). The Offering price per Unit (as defined herein) is equal to or exceeds the most recently calculated NAV per Unit as at April 6, 2023 (as adjusted for dividends and certain expenses accrued or payable prior to or upon closing of the Offering), plus the per Unit Agents' fee and the expenses of the Offering.
- (2) Before deducting the expenses of the Offering which are estimated to be \$130,000. Such expenses, together with the Agents' fee, will be paid out of the proceeds of the Offering, provided however that the expenses of the Offering to be borne by the Company shall not exceed 1.5% of the gross proceeds of the Offering. Any such excess expenses shall be paid for by the Manager. As a result of the priority of the Preferred Shares, the expenses of the Offering will effectively be borne by holders of the Class A Shares (for so long as the NAV per Unit exceeds the Preferred Share Offering price plus accrued and unpaid distributions thereon) and the net asset value per Class A Share will reflect the expenses of the Offering of both the Preferred Shares and Class A Shares.

- (4) The Company has granted the Agents an option (the "Over-Allotment Option"), exercisable for a period of 30 days from the closing of the Offering, to purchase additional Preferred Shares and Class A Shares up to such number as is equal to 15% of the number of Class A Shares issued at the closing of the Offering on the same terms as set forth above, which additional Preferred Shares and Class A Shares are qualified for sale under this Prospectus Supplement. If the Over-Allotment Option is exercised in full, the total price to the public under the Offering will be \$34,532,116, the Agents' fee will be \$1,215,357 and the net proceeds to the Company, before expenses of the Offering, will be \$33,316,759. A purchaser who acquires Preferred Shares or Class A Shares forming part of the Agents' over-allocation position acquires such shares under this Prospectus Supplement, regardless of whether the Agents' over-allocation position is ultimately filled through the exercise of the Over-Allotment Option or secondary market purchases. See "*Plan of Distribution*".

The following table sets forth certain terms of the Over-Allotment Option, including the maximum size, the exercise period and the exercise price:

The Offering price per Unit (i.e. of a matched Preferred Share and Class A Share) was established so as to be non-dilutive to the most recently calculated NAV per Unit of the Company on April 6, 2023 (as adjusted for dividends, certain expenses accrued or payable prior to or upon closing of the Offering, plus the per Unit Agents’ fee and the expenses of the Offering). The Preferred Shares and Class A Shares are listed on the TSX under the symbols “SBC.PR.A” and “SBC”, respectively. The attributes of the Preferred Shares and the Class A Shares are described under “Description of the Shares of the Company”.

Investment Objectives

The investment objectives for the Preferred Shares are to provide their holders with fixed cumulative preferential quarterly cash distributions and to return the original issue price to holders of Preferred Shares on the Maturity Date.

The investment objectives for the Class A Shares are to provide their holders with regular monthly cash distributions targeted to be at least \$0.10 per Class A Share representing a yield on the issue price of the Class A Shares offered hereunder of 11.1% per annum and to provide holders of Class A Shares with the opportunity for growth in NAV per Class A Share.

Investment Guidelines

In order to achieve its investment objectives, the Company invests in a portfolio, on an approximately equal weighted basis, of common shares of the six largest Canadian banks (currently Bank of Montreal, Canadian Imperial Bank of Commerce, National Bank of Canada, Royal Bank of Canada, The Bank of Nova Scotia and The Toronto-Dominion Bank (collectively, the “Banks”). In addition, the Company may hold up to 10% of the total assets of the Portfolio in investments in global financial companies for the purposes of enhanced diversification and return potential, at the discretion of the Manager. The Portfolio may contain the common shares of less than six Banks as a result of the impact of a merger, acquisition or other significant corporate actions or events affecting one or more of the Banks. Holdings in the six Banks will generally be equal-weighted at each rebalancing of the Portfolio, however the Company may at the Manager’s discretion, hold non-equal-weight positions. The Manager is responsible for maintaining the Portfolio in accordance with the Investment Guidelines and Rebalancing Criteria and, at its discretion, selectively

writes covered call options and cash covered put options from time to time in respect of the shares included in the Portfolio in order to generate additional distributable income for the Company.

The Company may from time to time hold cash and cash equivalents including short term debt instruments issued by the government of Canada or a province, short term commercial paper issued by Canadian financial institutions with a rating of at least R-1 (mid) by DBRS or the equivalent from another rating organization selected by the Manager or term deposits.

In addition to, or instead of, investing in the Banks and/or global financial companies directly, the Company may invest, at the Manager's discretion, a portion of the Portfolio's assets in exchange-traded funds, including exchange-traded funds managed by the Manager. There will be no duplication of management fees payable by the Company in connection with any investment by the Company in exchange-traded funds managed by the Manager.

The Company will also hedge substantially all of its foreign currency exposure to the holdings in the Portfolio back to the Canadian dollar, if any.

Investment Restrictions

The Company is subject to certain Investment Restrictions that, among other things, limit the securities that the Company may acquire for the Portfolio. The Company's Investment Restrictions may not be changed without the approval of the holders of Preferred Shares and Class A Shares, each voting separately as a class, by an Extraordinary Resolution, at a meeting called for such purpose.

In addition, but subject to the Investment Restrictions, the Company has adopted and is managed in accordance with the standard investment restrictions and practices set forth in NI 81-102 (as it may be amended from time to time), other than the restriction on investing more than 10% of the Company's assets in the securities of any one issuer at the time of investment.

Securities Lending

In order to generate additional returns, the Company may lend Portfolio securities to securities borrowers acceptable to the Company pursuant to the terms of the Securities Lending Agreement under which: (a) the borrower will pay to the Company a negotiated securities lending fee and will make compensation payments to the Company equal to any distributions received by the borrower on the securities borrowed; (b) the securities loans must qualify as “securities lending arrangements” for the purposes of the Tax Act; and (c) the Company will receive collateral security. The Company may only lend the portion of the securities of a Portfolio issuer that is not subject to a covered call option. The Company has appointed the Custodian to act as securities lending agent in the event that it lends Portfolio securities to securities borrowers. Such agent is responsible for the ongoing administration of the securities loans, including the obligation to mark-to-market the collateral on a daily basis. Acceptable collateral would generally be limited to Government of Canada or provincial treasury securities or other liquid collateral as approved by the Board of Directors, in each case with a value equal to 105% of the value of the securities on loan. Any securities lending transactions entered into by the Company may be terminated by the Company at any time.

Despite strong capital levels and improved profitability in the banking sector, Canadian banks are currently trading at a discount to their historical average. The chart below illustrates the forward Price-to-Earnings (P/E) of the S&P/TSX Banks Index since 2013. As of April 7, 2023, the S&P/TSX Banks Index was trading at a 14% discount to the ten year average.

CONSOLIDATED CAPITALIZATION

The Company is authorized to issue an unlimited number of Preferred Shares, Class A Shares, Class B Shares, Class C Shares and Class J Shares. The Board of Directors will determine before the issuance of any Class B Shares or Class C Shares, the designation, rights, privileges, restrictions, conditions and other provisions to be attached to such shares. Currently no Class B Shares or Class C Shares have been issued. The holders of Class J Shares are not entitled to receive dividends and are entitled to one vote per Class J Share. The Class J Shares are redeemable and retractable at a price of \$1.00 per Class J Share. The Class J Shares rank subsequent to the Preferred Shares, Class A Shares, Class B Shares and Class C Shares with respect to distributions on the dissolution, liquidation or winding-up of the Company. There are 100 Class J Shares issued and outstanding. A trust established for the benefit of the holders of the Preferred Shares and the Class A Shares owns all of the issued and outstanding Class J Shares.

The Preferred Shares are rated Pfd-3 (high) by DBRS. This rating was most recently confirmed by DBRS on August 31, 2022. According to DBRS, preferred shares rated Pfd-3 are of adequate credit quality. While protection of dividends and principal is still considered acceptable, the issuing entity is more susceptible to adverse changes in financial and economic conditions, and there may be other adverse conditions present which detract from debt protection. Pfd-3 ratings generally correspond with companies whose senior bonds are rated in the higher end of the BBB category. A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by DBRS. Credit ratings are intended to provide investors with an independent assessment of the credit quality of an issue or issuer of securities and do not speak to the suitability of particular securities for any

particular investor. There is no assurance that any rating will remain in effect for any given period of time or that any rating will not be withdrawn or revised entirely by a rating agency at any time if in its judgment circumstances so warrant. Customary fee payments were made, and may reasonably be made, by the Company to DBRS in connection with the rating assigned to the Preferred Shares, including the confirmation of such rating on August 31, 2022. The Company did not make any payments to DBRS in respect of any other service provided to the Company by DBRS during the last two years.

DESCRIPTION OF THE SHARES OF THE COMPANY

Certain Provisions of the Preferred Shares

Distributions

Holders of record of Preferred Shares at 5:00 p.m. (Toronto time) on the last Business Day of March, June, September and December are entitled to receive fixed, cumulative preferential quarterly cash distributions of \$0.15625 per Preferred Share (\$0.625 per annum) until November 29, 2027 and will be paid on or before the tenth Business Day in the month following the end of the period in respect of which the distribution is payable. Such distributions may consist of Ordinary Dividends, Capital Gains Dividends or returns of capital. There can be no assurance that the Company will be able to pay distributions to holders of Preferred Shares.

All cash distributions will be paid through CDS' book-entry only system or paid in such other manner as may be agreed to by the Company.

Redemptions

All Preferred Shares outstanding on the Maturity Date will be redeemed by the Company on such date. The redemption price payable by the Company for a Preferred Share on that date will be equal to the lesser of (a) \$10.00, plus any accrued and unpaid distributions thereon and (b) the NAV of the Company on that date divided by the total number of Preferred Shares then outstanding. Notice of redemption will be given to CDS Participants holding Preferred Shares on behalf of the beneficial owners thereof at least 30 days prior to the Maturity Date.

Retraction Privileges

Monthly

Preferred Shares may be surrendered at any time for retraction to TSX Trust Company, the Company's registrar and transfer agent, but will be retracted only on the Retraction Date. Preferred Shares surrendered for retraction by a Shareholder by 5:00 p.m. (Toronto time) at least ten Business Days prior to the Retraction Date will be retracted on such Retraction Date and the Shareholder will be paid on the Retraction Payment Date.

Except as noted below, holders of Preferred Shares whose Preferred Shares are surrendered for retraction will be entitled to receive a retraction price per Preferred Share equal to 96% of the lesser of (a) the NAV per Unit determined as of such Retraction Date less the cost to the Company of the purchase of a Class A Share for cancellation; and (b) \$10.00. For this purpose, the cost of the purchase of a Class A Share will include the purchase price of the Class A Share, and commission and such other costs, if any, related to the liquidation of any portion of the Portfolio to fund the purchase of the Class A Share. Any declared and unpaid distributions payable on or before a Retraction Date in respect of Preferred Shares tendered for retraction on such Retraction Date will also be paid on the Retraction Payment Date.

Annual Concurrent

In addition to the above, a holder of Preferred Shares may concurrently retract an equal number of Preferred Shares and Class A Shares on the Annual Retraction Date of each year at a retraction price per Unit equal to the NAV per Unit determined on that date, less any costs associated with the retraction, including commissions and other such costs if any, related to the liquidation of any portion of the Portfolio required to fund such retraction. The Preferred Shares and Class A Shares must both be surrendered for retraction at least ten Business Days prior to the Annual Retraction Date. Payment of the proceeds of retraction will be made on or before the tenth Business Day of the following month, subject to the Manager's right to suspend retractions in certain circumstances.

Non-Concurrent Retraction Right

On the Maturity Date, and upon any subsequent maturity date as determined by the Board of Directors, holders of Preferred Shares will be entitled to retract their Preferred Shares pursuant to a non-concurrent retraction right and the Company will provide at least 60 days' notice to the holders of Preferred Shares. The holders of Preferred Shares will receive the same amount per Preferred Share that would have applied had the Company redeemed all of the Preferred Shares on the Maturity Date as scheduled prior to the extension. Preferred Shares must be surrendered for retraction by 5:00 p.m. (Toronto time) on the last Business Day of the month prior to the Maturity Date or subsequent maturity date, as applicable. The holders of Preferred Shares will receive payment for Preferred Shares so retracted no later than the tenth Business Day of the month following the month in which the date of the non-concurrent retraction occurs.

Non-Matched Shares

If more Class A Shares than Preferred Shares have been redeemed pursuant to the non-concurrent retraction right, the Company will be authorized to redeem Preferred Shares on a pro rata basis in a number to be determined by the Company reflecting the extent to which the number of Preferred Shares outstanding following the non-concurrent retraction exceeds the number of Class A Shares outstanding following the non-concurrent retraction. Conversely, if more Preferred Shares than Class A Shares have been redeemed pursuant to the non-concurrent retraction right, the Company may issue Preferred Shares to the extent that the number of Class A Shares outstanding following the non-concurrent retraction exceeds the number of Preferred Shares outstanding following the non-concurrent retraction.

Resale of Preferred Shares Tendered for Retraction

The Company may enter into a recirculation agreement (a “Recirculation Agreement”) with a recirculation agent (a “Recirculation Agent”) whereby the Recirculation Agent will use commercially reasonable efforts to find purchasers for any Preferred Shares tendered for retraction prior to the relevant Valuation Date. The Company may, but is not obligated to, require the Recirculation Agent to seek such purchasers and, in such event, the amount to be paid to the holder of Preferred Shares on the applicable Retraction Payment Date will be an amount equal to the proceeds of the sale of the Preferred Shares less any applicable commission, provided that such amount will not be less than the retraction price that would otherwise be payable to the holder of such Preferred Shares.

General

Subject to the Company’s right to require the Recirculation Agent to use commercially reasonable efforts to find purchasers for any Preferred Shares tendered for retraction prior to the relevant Valuation Date, any and all Preferred Shares which have been surrendered to the Company for retraction are deemed to be outstanding until (but not after) the close of business on the relevant Retraction Date, unless the retraction price is not paid on the Retraction Payment Date, in which event such Preferred Shares will remain outstanding.

If any Preferred Shares are tendered for retraction and are not resold in the manner described above under “*Resale of Preferred Shares Tendered for Retraction*”, the Company will direct the Recirculation Agent to purchase for cancellation on behalf of the Company that number of Class A Shares that equals the number of Preferred Shares so retracted. Any Class A Shares so purchased for cancellation will be purchased in the market.

The retraction right must be exercised by causing written notice to be given within the notice periods prescribed herein and in the manner described under “*Book-Entry Only System*” in the Company’s annual information form. Such surrender will be irrevocable upon the delivery of a notice to CDS through a CDS Participant, except with respect to those Preferred Shares which are not retracted by the Company on the relevant Retraction Payment Date. The Company may, in its discretion, permit the withdrawal of any Preferred Share retraction request at any time prior to the Retraction Payment Date.

Any Retraction Notice that CDS determines to be incomplete, not in proper form or not duly executed shall, for all purposes, be void and of no effect and the retraction privilege to which it relates shall be considered for all purposes not to have been exercised thereby. A failure by a CDS Participant to exercise retraction privileges or to give effect to the settlement thereof in accordance with a Shareholder’s instructions will not give rise to any obligations or liability on the part of the Company or the Manager to the CDS Participant or the Shareholder. The Manager has the right to suspend retractions in certain circumstances as described in the Company’s annual information form.

Priority

The Preferred Shares rank in priority to the Class A Shares, Class B Shares, Class C Shares and Class J Shares with respect to the payment of distributions and the repayment of capital on the dissolution, liquidation or winding up of the Company.

Certain Provisions of the Class A Shares

Distributions

The policy of the Board of Directors is to pay monthly non-cumulative distributions to the holders of Class A Shares in an amount targeted to be at least \$0.10 per Class A Share representing a yield on the Offering price of the Class A Shares offered hereunder of 11.1% per annum. Such distributions will be paid on or before the tenth Business Day of the month following the month in respect of which the distribution is payable. Such distributions may consist of Ordinary Dividends, Capital Gains Dividends or returns of capital. There can be no assurance that the Company will be able to pay distributions to the holders of Class A Shares.

The current weighted average dividend yield of the securities comprising the Portfolio is approximately 5.0%. Without giving effect to the Offering, the Portfolio would be required to generate an additional return of approximately 5.5% per annum in order to allow the Company to pay Preferred Share and targeted Class A Share distributions and to maintain a stable NAV. If the additional return generated by the Portfolio is less than this amount and Class A Share distributions are nevertheless paid, this will result in a portion of the capital of the Company being returned to holders of Class A Shares and, accordingly, the NAV would be reduced.

No distributions will be paid on the Class A Shares if (a) the distributions payable on the Preferred Shares are in arrears, or (b) in respect of a cash distribution, after the payment of a cash distribution by the Company, the NAV per Unit would be less than \$15.00. In addition, the Company will not pay distributions in excess of \$0.10 per month, on the Class A Shares if after payment of the distribution, the NAV per Unit would be less than \$25.00 unless the Company would need to make such distributions so as to fully recover refundable taxes. Subject to the dividend entitlement of the holders of the Preferred Shares, the Board of Directors shall allocate return of capital distributions first to holders of the Class A Shares before paying distributions representing return of capital to holders of the Preferred Shares.

In the event that the Company realizes capital gains, the Company may, at its option, make a special year-end capital gains distribution in certain circumstances in Class A Shares and/or cash. Any capital gains distribution payable in Class A Shares will increase the aggregate adjusted cost base to holders of Class A Shares of such shares. Immediately following payment of such a distribution in Class A Shares, the number of Class A Shares outstanding will be automatically consolidated such that the number of Class A Shares outstanding after such distribution will be equal to the number of Class A Shares outstanding immediately prior to such distribution. Non-resident Shareholders may be subject to withholding tax and therefore the consolidation may result in such non-resident holding fewer Class A Shares than prior to the distribution and consolidation.

Distributions are payable to holders of Class A Shares of record at 5:00 p.m. (Toronto time) on the last Business Day of each month. All cash distributions will be paid through CDS' book-entry only system or paid in such other manner as may be agreed to by the Company.

Redemptions

If at any given time there are an unmatched number of Preferred Shares and Class A Shares outstanding, the Company may redeem the Class A Shares on a pro rata basis in order to reduce the number of issued and outstanding Class A Shares to equal the number of issued and outstanding Preferred Shares (a "Class A Redemption"). The redemption price payable by the Company in respect of a Class A Redemption will be equal to the greater of: (a) the NAV per Unit on such date minus the sum of \$10.00, plus any accrued and unpaid distributions on a Preferred Share and (b) nil.

All Class A Shares outstanding on the Maturity Date will be redeemed by the Company on such date. The redemption price payable by the Company for a Class A Share on that date will be equal to the greater of (a) the NAV per Unit determined on that date minus \$10.00 plus any accrued and unpaid distributions on the Preferred Shares, and (b) nil. Notice of redemption will be given to CDS Participants holding Class A Shares on behalf of the beneficial owners thereof at least 30 days prior to the Maturity Date.

Retraction Privileges

Monthly

Class A Shares may be surrendered at any time for retraction to TSX Trust Company, the Company's registrar and transfer agent, but will be retracted only on the Retraction Date. Class A Shares surrendered for retraction by a

Shareholder by 5:00 p.m. (Toronto time) at least ten Business Days prior to the Retraction Date will be retracted on such Retraction Date and the Shareholder will be paid on or before the Retraction Payment Date.

Except as noted below, holders of Class A Shares whose Class A Shares are surrendered for retraction will be entitled to receive a retraction price per Class A Share equal to 96% of the difference between (a) the NAV per Unit determined as of such Retraction Date, and (b) the cost to the Company of the purchase of a Preferred Share for cancellation. For this purpose, the cost of the purchase of a Preferred Share will include the purchase price of the Preferred Share, commission and such other costs, if any, related to the liquidation of any portion of the Portfolio to fund the purchase of the Preferred Share. Any declared and unpaid distributions payable on or before a Retraction Date in respect of Class A Shares tendered for retraction on such Retraction Date will also be paid on the Retraction Payment Date.

Annual Concurrent

In addition to the above, a holder of Class A Shares may concurrently retract an equal number of Preferred Shares and Class A Shares on the Annual Retraction Date of each year at a retraction price per Unit equal to the NAV per Unit determined on that date, less any costs associated with the retraction, including commissions and other such costs, if any, related to the liquidation of any portion of the Portfolio required to fund such retraction. The Preferred Shares and the Class A Shares must both be surrendered at least ten Business Days prior to the Annual Retraction Date. Payment of the proceeds will be made on or before the tenth Business Day of the following month, subject to the Manager's right to suspend retractions in certain circumstances.

Non-Concurrent Retraction Right

On the Maturity Date and upon any subsequent maturity date as determined by the Board of Directors, holders of Class A Shares will be entitled to retract their Class A Shares pursuant to a non-concurrent retraction right and the Company will provide at least 60 days' notice to holders of Class A Shares. The holders of Class A Shares will receive the same amount per Class A Share that would have applied had the Company redeemed all of the Class A Shares on the Maturity Date as scheduled prior to the extension. Class A Shares must be surrendered for retraction by 5:00 p.m. (Toronto time) on the last Business Day of the month prior to the Maturity Date or subsequent maturity date, if applicable. The holders of Class A Shares will receive payment for Class A Shares so retracted no later than the tenth Business Day of the month following the month in which the date of the non-concurrent retraction occurs.

Non-Matched Shares

If more Preferred Shares than Class A Shares have been redeemed pursuant to the non-concurrent retraction right, the Company will be authorized to redeem Class A Shares on a pro rata basis in a number to be determined by the Company reflecting the extent to which the number of Class A Shares outstanding following the non-concurrent retraction exceeds the number of Preferred Shares outstanding following the non-concurrent retraction. Conversely, if more Class A Shares than Preferred Shares have been redeemed pursuant to the non-concurrent retraction right, the Company may issue Class A Shares to the extent the number of Preferred Shares outstanding following the non-concurrent retraction exceeds the number of Class A Shares outstanding following the non-concurrent retraction.

Resale of Class A Shares Tendered for Retraction

The Company may enter into a Recirculation Agreement with a Recirculation Agent whereby the Recirculation Agent will use commercially reasonable efforts to find purchasers for any Class A Shares tendered for retraction prior to the relevant Valuation Date. The Company may, but is not obligated to, require the Recirculation Agent to seek such purchasers and, in such event, the amount to be paid to the holder of Class A Shares on the applicable Retraction Payment Date will be an amount equal to the proceeds of the sale of the Class A Shares less any applicable commission, provided that such amount will not be less than the retraction price that would otherwise be payable to the holder of such Class A Shares.

General

Subject to the Company's right to require the Recirculation Agent to use commercially reasonable efforts to find purchasers for any Class A Shares tendered for retraction prior to the relevant Valuation Date, any and all Class A Shares that have been surrendered to the Company for retraction are deemed to be outstanding until (but not after) the

close of business on the relevant Retraction Date, unless the retraction price is not paid on the Retraction Payment Date, in which event such Class A Shares will remain outstanding.

If any Class A Shares are tendered for retraction and are not resold in the manner described above under “*Resale of Class A Shares Tendered for Retraction*”, the Company will direct the Recirculation Agent to purchase for cancellation on behalf of the Company that number of Preferred Shares that equals the number of Class A Shares so retracted. Any Preferred Shares so purchased for cancellation will be purchased in the market.

The retraction right must be exercised by causing written notice to be given within the notice periods prescribed herein and in the manner described under “Book-Entry Only System” in the Company’s annual information form. Such surrender will be irrevocable upon the delivery of a notice to CDS through a CDS Participant, except with respect to those Class A Shares which are not retracted by the Company on the relevant Retraction Payment Date. The Company may, in its discretion, permit the withdrawal of any Class A Share retraction request at any time prior to the Retraction Payment Date.

Any Retraction Notice that CDS determines to be incomplete, not in proper form or not duly executed shall for all purposes be void and of no effect and the retraction privilege to which it relates shall be considered for all purposes not to have been exercised thereby. A failure by a CDS Participant to exercise retraction privileges or to give effect to the settlement thereof in accordance with a Shareholder’s instructions will not give rise to any obligations or liability on the part of the Company or the Manager to the CDS Participant or the Shareholder. The Manager has the right to suspend retractions in certain circumstances as described in the Company’s annual information form.

Priority

The Class A Shares rank subsequent to the Preferred Shares but in priority to the Class J Shares with respect to the payment of distributions and the repayment of capital out of the Portfolio on the dissolution, liquidation or winding up of the Company.

DISTRIBUTION HISTORY

The Company declared aggregate dividends on the Preferred Shares of \$8.66 per Preferred Share, representing 28 quarterly dividends of \$0.13125 per Preferred Share (\$0.06563 per Preferred Share for the first dividend) since the commencement of investment operations in November 2005 until November 29, 2012, 20 quarterly dividends of \$0.1125 per Preferred Share (\$0.12493 per Preferred Share for the first dividend) until November 29, 2017, 20 quarterly dividends of \$0.125 (\$0.11685 per Preferred Share for the first dividend) until November 29, 2022 and 2 quarterly dividends of \$0.15625 (\$0.13587 per Preferred Share for the first dividend) thereafter.

During the same periods, the Company has declared aggregate distributions on the Class A Shares of \$20.45 per Class A Share, representing 205 monthly distributions of \$0.10 per Class A Share (\$0.05 per Class A Share for the first distribution).

EARNINGS COVERAGE RATIOS

The Company’s dividend requirements on all of its Preferred Shares, after giving effect to the maximum issue of the Preferred Shares under the Offering and the ATM Offering as at the date hereof amounted to \$9,440,655 for the 12-month period ended December 31, 2022. The Company’s net investment income (loss) before distributions on Preferred Shares under International Financial Reporting Standards (“IFRS”) for the same period was \$(45,217,917), which represents (4.8) times the aggregate dividend requirements on the Preferred Shares for the period after giving effect to the maximum issue of Preferred Shares under the Offering and the ATM Offering as at the date hereof.

PLAN OF DISTRIBUTION

Pursuant to an agreement dated as of April 12, 2023 (the "Agency Agreement") among the Manager, the Company and the Agents, the Agents have agreed to offer the Preferred Shares and the Class A Shares for sale, as agents of the Company, on a best efforts basis, if, as and when issued by the Company. The Offering prices for the Preferred Shares and the Class A Shares were established by negotiation between the Company and the Agents. The Agents will receive a fee equal to \$0.2955 (3.0%) for each Preferred Share sold and \$0.4320 (4.0%) for each Class A Share sold, and will be reimbursed for out of pocket expenses incurred. The Agents may form a sub-agency group including other qualified investment dealers and determine the fee payable to the members of such group, which fee will be paid by the Agents out of their fee. While the Agents have agreed to use their best efforts to sell the Preferred Shares and the Class A Shares offered under this Prospectus Supplement, the Agents will not be obligated to purchase Preferred Shares or Class A Shares which are not sold.

The Company has granted to the Agents the Over-Allotment Option, which is exercisable for a period of 30 days from the Closing Date to purchase additional Preferred Shares and Class A Shares up to such number as is equal to 15% of the number of Class A Shares issued on the Closing Date on the same terms as set out above. To the extent the Over-Allotment Option is exercised, the additional Preferred Shares and Class A Shares will be sold at \$9.85 per Preferred Share and \$10.80 per Class A Share and the Agents will be paid a fee of \$0.2955 per Preferred Share sold and \$0.4320 per Class A Share sold. If the Over-Allotment Option is exercised in full, the total price to the public under the Offering will be \$34,532,116, the Agents' fee will be \$1,215,357 and the net proceeds to the Company, before expenses of the Offering will be \$33,316,759. This Prospectus Supplement qualifies the grant of the Over-Allotment Option and the distribution of the Preferred Shares and Class A Shares issuable upon the exercise of the Over-Allotment Option. A purchaser who acquires Preferred Shares or Class A Shares forming part of the Agents' over-allocation position acquires such shares under this Prospectus Supplement, regardless of whether the Agents' over-allocation position is ultimately filled through the exercise of the Over-Allotment Option or secondary market purchases.

Under the terms of the Agency Agreement, the Agents may, at their discretion on the basis of their assessment of the

state of the financial markets and upon the occurrence of certain stated events, terminate the Agency Agreement. Subscriptions for Preferred Shares and Class A Shares will be received subject to rejection or allotment in whole or in part. The right is reserved to close the subscription books at any time without notice.

The Agents may not, throughout the period of distribution, bid for or purchase the Preferred Shares or the Class A Shares. The foregoing restriction is subject to certain exemptions, as long as the bid or purchase is not engaged in for the purpose of creating actual or apparent active trading in, or raising the price of, the Preferred Shares or the Class A Shares. These exceptions include a bid or purchase permitted under the by-laws and rules of applicable stock exchanges relating to market stabilization and passive market-making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution. In connection with the Offering, the Agents may over-allot or effect transactions in connection with their over-allotted position. Such transactions, if commenced, may be discontinued at any time.

The TSX has conditionally approved the listing of the Preferred Shares and Class A Shares offered hereby. Listing will be subject to the Company fulfilling all of the listing requirements of the TSX on or before July 12, 2023. Closing of the Offering is expected to take place on April 19, 2023 but in any event no later than May 10, 2023.

The Preferred Shares and the Class A Shares have not been and will not be registered under the 1933 Act or any state securities laws and, subject to certain exemptions, may not be offered or sold within the United States or to U.S. persons. The Agents have agreed that they will not offer for sale or sell or deliver the Preferred Shares or the Class A Shares within the United States or to U.S. persons.

CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Osler, Hoskin & Harcourt LLP, counsel to the Company, and Stikeman Elliott LLP, counsel to the Agents, the following is a summary of the principal Canadian federal income tax considerations generally relevant to prospective investors who, for purposes of the Tax Act and at all relevant times, are resident or are deemed to be resident in Canada, hold their Preferred Shares or Class A Shares as capital property, and deal at arm's length with and are not affiliated with the Company (within the meaning of the Tax Act). This summary is based upon the facts set out in this Prospectus Supplement, the current provisions of the Tax Act and the regulations thereunder (the "Regulations"), all specific proposals to amend the Tax Act and such Regulations that have been publicly announced by the Minister of Finance (Canada) prior to the date hereof ("Proposed Amendments") and counsel's understanding of the current published administrative policies and practices of the CRA and relies, as to certain factual matters, on certificates of officers of the Company and lead Agent. This summary is based on the assumption that the Preferred Shares or the Class A Shares will at all times be listed on the TSX. This summary is based on the assumption that the Company complies at all times with the conditions prescribed in the Tax Act and the Regulations to qualify as a "mutual fund corporation" as defined in the Tax Act. This summary is based upon the assumption that the investment restrictions and permitted investments will at all relevant times be as set out under the heading "*The Company – Investment Objectives*" in this Prospectus Supplement and "*The Company – Investment Restrictions*" in the Prospectus and that the Company will at all times comply with such investment restrictions and hold only permitted investments.

This summary is based on the assumption that the issuers of securities held by the Company will not be foreign affiliates of the Company or a Shareholder of the Company. This summary also assumes that all Proposed Amendments will be enacted in the form proposed. No assurances can be given that the Proposed Amendments will become law as proposed or at all. This summary is not exhaustive of all possible Canadian federal income tax considerations and, in particular, does not describe income tax considerations relating to the deductibility of interest on money borrowed to acquire Preferred Shares and Class A Shares. This summary does not take into account or anticipate any changes in law, whether by legislative, governmental or judicial action, other than the Proposed Amendments. This summary does not deal with foreign, provincial or territorial income tax considerations, which might differ from the federal considerations described herein. This summary does not apply to (a) a Shareholder that is a "financial institution" as defined in section 142.2 of the Tax Act, (b) a Shareholder an interest in which is a "tax shelter investment" as defined in subsection 143.2(1) of the Tax Act, (c) a Shareholder to which the "functional currency" reporting rules in section 261 of the Tax Act apply, (d) a Shareholder who has entered or will enter into a "derivative forward agreement" as defined in subsection 248(1) of the Tax Act with respect to Preferred Shares or Class A Shares or (e) a Shareholder who has entered into or will enter into any arrangement where the result is a "dividend rental arrangement" for the purposes of the Tax Act.

This summary is of a general nature only and does not constitute legal or tax advice to any particular prospective investor. Accordingly, prospective investors are advised to consult their own tax advisors with respect to their individual circumstances.

Tax Treatment of the Company

As a mutual fund corporation, the Company is entitled in certain circumstances to a refund of tax paid or payable by it in respect of its net realized capital gains. Also, as a mutual fund corporation, the Company is entitled to maintain a capital gains dividend account in respect of its realized net capital gains and from which it may elect to pay dividends (“Capital Gains Dividends”) which are treated as capital gains in the hands of the Shareholders (see “*Tax Treatment of Shareholders*” below). In certain circumstances where the Company has realized a capital gain in a taxation year, it may elect not to pay Capital Gains Dividends in that taxation year in respect thereof and instead pay refundable capital gains tax, which may in the future be fully or partially refundable upon the payment of sufficient Capital Gains Dividends and/or qualifying redemptions.

In computing income for a taxation year, the Company will be required to include in income all dividends received by the Company in the year. In computing taxable income, the Company will generally be permitted to deduct all dividends received by it from a “taxable Canadian corporation” (as defined in the Tax Act). The Company will generally not be permitted a deduction in computing taxable income for dividends received by it from other corporations.

The Company has elected in accordance with the Tax Act to have each of its “Canadian securities” treated as capital property. Such an election will ensure that gains or losses realized by the Company on Canadian securities are treated as capital gains or capital losses.

The Company qualifies as a “financial intermediary corporation” (as defined in the Tax Act) and, thus, is not subject to tax under Part IV.1 of the Tax Act on dividends received by the Company and is not generally liable to tax under Part VI.1 of the Tax Act on dividends paid by the Company on “taxable preferred shares” (as defined in the Tax Act). As a mutual fund corporation (which is not an “investment corporation” as defined in the Tax Act), the Company is generally subject to a refundable tax of 38½% under Part IV of the Tax Act on taxable dividends received by the Company during the year to the extent that such dividends were deductible in computing the Company’s taxable income for the year. This tax is refundable upon the payment by the Company of sufficient dividends other than Capital Gains Dividends (“Ordinary Dividends”).

Premiums received on covered call options and cash covered put options written by the Company that are not exercised prior to the end of the year will constitute capital gains of the Company in the year received, unless such premiums are received by the Company as income from a business of buying and selling securities or the Company has engaged in a transaction or transactions considered to be an adventure in the nature of trade. The Company purchases the Portfolio with the objective of earning dividends thereon over the life of the Company, writes covered call options with the objective of increasing the yield on the Portfolio beyond the dividends received on the Portfolio and writes cash covered put options to increase returns and to reduce the net cost of purchasing securities upon the exercise of put options. Thus, having regard to the foregoing and in accordance with the CRA’s published administrative policies, transactions undertaken by the Company in respect of shares comprising the Portfolio and options on such shares are treated and reported by the Company as arising on capital account.

Premiums received by the Company on covered call (or cash covered put) options that are subsequently exercised will be included in computing the proceeds of disposition (or deducted in computing the adjusted cost base) to the Company of the securities disposed of (or acquired) by the Company upon the exercise of such call (or put) options. In addition, where the premium was in respect of an option granted in a previous year so that it constituted a capital gain of the Company in the previous year, such capital gain may be reversed.

With respect to other income of the Company, such as interest, the Company will generally be subject to tax at normal corporate rates applicable to mutual fund corporations, subject to permitted deductions for expenses of the Company.

Distributions

The policy of the Company is to pay quarterly distributions on the Preferred Shares and monthly distributions on the Class A Shares and, in addition, to pay special year-end distributions to holders of Class A Shares where the Company has net taxable capital gains upon which it would otherwise be subject to tax (other than taxable capital gains realized on the writing of options that are outstanding at year end) or where the Company needs to pay a dividend in order to recover refundable tax not otherwise recoverable upon payment of monthly dividends. While the principal sources of income of the Company are expected to include taxable capital gains as well as dividends from taxable Canadian corporations, to the extent that the Company earns net income, after expenses, from other sources, including interest income upon interim investment of its reserves, the Company will be subject to income tax on such income and no refund of such tax will be available.

Given the investment and dividend policy of the Company and taking into account the deduction of expenses and taxable dividends on shares of taxable Canadian corporations, the Company does not expect to be subject to any significant amount of non-refundable Canadian income tax.

Tax Treatment of Shareholders

Shareholders must include in income Ordinary Dividends paid to them by the Company. For individual Shareholders, Ordinary Dividends will be subject to the gross-up and dividend tax credit rules normally applicable to taxable dividends paid by taxable Canadian corporations, including, if applicable, the enhanced gross-up and credit for Ordinary Dividends designated by the Company as eligible dividends. For corporate Shareholders, other than “specified financial institutions” (as defined in the Tax Act), Ordinary Dividends will normally be deductible in computing the taxable income of the corporation.

In the case of a Shareholder that is a specified financial institution, Ordinary Dividends received on the Preferred Shares or Class A Shares will be deductible in computing its taxable income only if either (a) the specified financial institution did not acquire such shares in the ordinary course of its business, or (b) at the time of the receipt of the dividends by the specified financial institution, such shares are listed on a designated stock exchange in Canada, and dividends are received in respect of not more than 10% of the issued and outstanding Preferred Shares or Class A Shares, as the case may be, by (i) the specified financial institution, or (ii) the specified financial institution and persons with whom it does not deal at arm’s length (within the meaning of the Tax Act). For these purposes, a beneficiary of a trust will be deemed to receive the amount of any dividend received by the trust and designated to that beneficiary, effective at the time the dividend was received by the trust, and a member of a partnership will be considered to have received that partner’s share of a dividend received by the partnership, effective at the time the dividend was received by the partnership.

Ordinary Dividends received by a corporation (other than a “private corporation” or a “financial intermediary corporation”, as defined in the Tax Act) on Preferred Shares will generally be subject to a 10% tax under Part IV.1 of the Tax Act to the extent that such dividends are deductible in computing the corporation’s taxable income.

A Shareholder that is a private corporation or any other corporation controlled directly or indirectly by or for the benefit of an individual (other than a trust) or a related group of individuals (other than trusts) will generally be liable to pay a 38½% refundable tax under Part IV of the Tax Act on Ordinary Dividends received on the Preferred Shares and Class A Shares to the extent that such dividends are deductible in computing the Shareholder’s taxable income. Where Part IV.1 tax also applies to an Ordinary Dividend received by a corporation, the rate of Part IV tax otherwise payable by the corporation is reduced by 10% of the amount of such Ordinary Dividend.

The amount of any Capital Gains Dividend received by a Shareholder from the Company will be considered to be a capital gain of the Shareholder from the disposition of capital property in the taxation year of the Shareholder in which the Capital Gains Dividend is received.

The amount of any payment received by a Shareholder from the Company as a return of capital on a Preferred Share or Class A Share will not be required to be included in computing income. Instead, such amount will reduce the adjusted cost base of the relevant share to the Shareholder. To the extent that the adjusted cost base to the Shareholder would otherwise be a negative amount, the Shareholder will be considered to have realized a capital gain at that time and the Shareholder’s adjusted cost base will be increased by the amount of such deemed capital gain. See “*Disposition of Shares*” below.

Having regard to the dividend policy of the Company and the adjusted cost base of other securities currently held by the Company, a person acquiring Preferred Shares or Class A Shares may become taxable on income or capital gains accrued or realized before such person acquired such Preferred Shares or Class A Shares.

Disposition of Shares

Upon the redemption, retraction or other disposition of a Preferred Share or Class A Share, a capital gain (or a capital loss) will be realized to the extent that the proceeds of disposition of the share exceed (or are less than) the aggregate of the adjusted cost base of the share and any reasonable costs of disposition. If the Shareholder is a corporation, any capital loss arising on the disposition of a Preferred Share or Class A Share may in certain circumstances be reduced by the amount of any Ordinary Dividends received on the share. Analogous rules apply to a partnership or trust of which a corporation, partnership or trust is a member or beneficiary. The adjusted cost base of each Preferred Share or Class A Share will generally be the weighted average of the cost of such share acquired by a Shareholder at a particular time and the aggregate adjusted cost base of any other share of that class held immediately before the particular time.

One-half of a capital gain (a taxable capital gain) is included in computing income and one-half of a capital loss (an allowable capital loss) is deductible against taxable capital gains in accordance with the provisions of the Tax Act. A Shareholder that is a “Canadian-controlled private corporation” (as defined in the Tax Act) (“CCPC”) will be subject to an additional refundable tax on aggregate investment income, which includes an amount in respect of taxable capital gains. Proposed Amendments released by the Minister of Finance (Canada) on August 9, 2022, are intended to extend this additional tax and refund mechanism in respect of “aggregate investment income” to “substantive CCPCs”, in addition to introducing anti-avoidance rules that could deem certain corporations resident in Canada that do not otherwise qualify as a “substantive CCPC” (each as defined in the Tax Act) to so qualify. Shareholders are advised to consult their own tax advisors regarding the possible implications of these Proposed Amendments in their particular circumstances.

Generally the Preferred Shares and Class A Shares will qualify as “Canadian securities” for purposes of making an irrevocable election under the Tax Act to deem Canadian securities held by the investor to be capital property and to deem all dispositions of Canadian securities held by the investor to be dispositions of capital property for the purposes of the Tax Act. This election is not available to all taxpayers under all circumstances and therefore prospective investors considering making such an election should consult their tax advisors.

EXCHANGE OF TAX INFORMATION

Due diligence and reporting obligations in the Tax Act have been enacted to implement the Canada-United States Enhanced Tax Information Exchange Agreement. As long as Preferred Shares and Class A Shares continue to be registered in the name of CDS and to be regularly traded on the TSX, or any other established securities market, the Company should not have any U.S. reportable accounts and, as a result, should not be required to provide information to the CRA in respect of its Shareholders. However, dealers through which Shareholders hold their Preferred Shares and Class A Shares are subject to due diligence and reporting obligations with respect to financial accounts they maintain for their clients. Shareholders, or their controlling persons, may be requested to provide information to their dealer to identify U.S. persons holding Preferred Shares and Class A Shares. If (a) it is determined that a Shareholder, or their controlling persons, is a “Specified U.S. Person” (including a U.S. citizen who is a resident of Canada), (b) no such determination has been made but the information provided includes an indication of U.S. status and sufficient evidence to the contrary is not timely provided, or (c) in certain circumstances a Shareholder does not provide the requested information and indicia of U.S. status are present, then Part XVIII of the Tax Act will generally require information about the Shareholder’s investments held in the financial account maintained by the dealer to be reported to the CRA, unless the investments are held within a Registered Plan (other than a FHSA). The tax legislation applicable to FHSAs does not address whether FHSAs would be treated in the same way as Registered Plans for these purposes. The CRA is required to provide that information to the U.S. Internal Revenue Service.

Reporting obligations in the Tax Act have been enacted to implement the Organization for Economic Co-operation and Development Common Reporting Standard (the “CRS Rules”). Pursuant to the CRS Rules, Canadian financial institutions are required to have procedures in place to identify accounts held by tax residents of foreign countries (other than the U.S.) (“Reportable Jurisdictions”) or by certain entities any of whose “controlling persons” are tax residents of Reportable Jurisdictions. The CRS Rules provide that Canadian financial institutions must report certain

account information and other personal identifying details of Shareholders (and, if applicable, of such controlling persons) who are tax residents of Reportable Jurisdictions to the CRA annually. Such information would generally be exchanged by the CRA on a reciprocal, bilateral basis with Reportable Jurisdictions in which the account holders or such controlling persons are tax resident under the provisions and safeguards of the Multilateral Convention on Mutual Administrative Assistance in Tax Matters or the relevant bilateral tax treaty. Under the CRS Rules, Shareholders will be required to provide such information regarding their investment in the Company to their dealer for the purpose of such information exchange, unless the investment is held within a Registered Plan (other than a FHSA). The tax legislation applicable to FHSAs does not address whether FHSAs would be treated in the same way as Registered Plans for these purposes.

RISK FACTORS

An investment in Preferred Shares and Class A Shares is subject to certain risk factors which prospective investors should consider before purchasing such shares. Before deciding to invest in the Preferred Shares and Class A Shares, prospective investors should consider carefully the risks set forth in the accompanying Prospectus under “*Risk Factors*” and in the other documents incorporated by reference in this Prospectus Supplement and the Prospectus, as updated by the Company’s subsequent filings with securities regulatory authorities in Canada.
